Client name\* \_\_\_\_\_

Address\* \_\_\_\_\_

Postcode\* \_\_\_\_\_

Telephone\* \_\_\_\_\_

Email\* \_\_\_\_\_

## Section B: Vet details

Vet name\* \_\_\_\_\_

Vet practice\* \_\_\_\_\_

Practice address\* \_\_\_\_\_

Postcode\* \_\_\_\_\_

Telephone\* \_\_\_\_\_

Email\* \_\_\_\_\_

*\*Denotes fields which must be completed*

## Section C: Reporting

Please specify reporting preferences (all results are reported to the vet).

Please tick one

Post

Email\*

## Section D: Invoicing

Please select one of the following options: Please tick one

Invoicing not required - 10 samples as part of testing scheme

Invoicing required (additional samples or tests) - send to vet

## Section E: Sample submission

- Blood samples that are more than seven days old (from date sample is taken) are unsuitable for testing and will be rejected. Check postal times to ensure prompt delivery.
- Please submit samples in 6ml red cap blood tubes. Contact the laboratory should you wish to use different tubes.
- To complete the youngstock screen a minimum of 10 animals representing each management group should be tested. Selected animals should be unvaccinated and aged between between 9 and 18 months old.

I certify that I have taken the samples from the herd as described on this form.

Signature (vet)

Date / /

Test type: **BVD antibody (blood)** | Hamsta animal class: **Youngstock**
