

8 Number of Producers	2339 Number of Cows	65 Minimum Herd Size	630 Maximum Herd Size	292 Average Herd Size
--------------------------	------------------------	-------------------------	--------------------------	--------------------------

The value shown with the gauges is the average value for your herds and the coloured bands indicate use for the 'top' 25% (green) and 'bottom' 25% (red) of herds recorded in FarmAssist. Target values are from RUMA and are shown with a red triangle. The table shows the average, median, minimum and maximum values for your herds only.

	Average	Median	Minimum	Maximum	RUMA target
Total use mg/PCU	23.0	15.2	7.5	45.2	21.0
HPCIA Injectable mg/PCU	2.300	1.800	0.400	5.000	0.538
Total use DDD	5.8	3.9	1.3	19.5	-
Total use DCD	2.2	1.6	0.7	6.9	-
